Exclusive renovated apartment in Barrio Salamanca

In one of the most elegant and sought-after areas of the Salamanca district, very close to Serrano and Lagasca streets, is this house that seems to have been designed for those who value the balance between beauty, calm and functionality. Located on the fifth exterior floor of a classic building, this 135 m² property is a true urban retreat bathed in light.

From its two exterior balconies, natural light floods a spacious and serene living room, which is organically connected to a designer kitchen, equipped with high-end appliances and luxury finishes. The apartment has two spacious bedrooms, three full bathrooms, high ceilings and a layout designed to enjoy every corner with style and comfort.

A property that offers not only meters, but sensations. Perfect for those looking to live in the heart of the Salamanca district, surrounded by exclusive boutiques, galleries, and the best gastronomic offer
